- ✓ Club with 8 **or more teams**
- ✓ Set up a FREE **online club shop** with Pendle

 **Trustpilot**

We used Pendle for the first time for new training tops. We had been recommended by a friend who runs another team. My friend had commented on the speed of delivery which, if I am being honest, I took with a slight pinch of salt as I did not believe it was possible. Pendle exceeded all of my expectations. The customer service from initial contact to delivery could not have been better. Definitely use again and definitely recommend.
